Re: Pueblo Cement Plant and Limestone Quarry, Permit No. M-2002-004, Technical Revision Approval, Revision No. TR-8

Dear Mr. Alarcon:

On June 4, 2021 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on June 1, 2021, addressing the following:

Groundwater monitoring well installation work plan to install additional monitoring wells at the facility for improved hydrogeologic characterization and better spatial distribution of groundwater compliance monitoring at the site.

The terms of the Technical Revision No. 8 approved by the Division are hereby incorporated into Permit No. M-2002-004. All other conditions and requirements of Permit No. M-2002-004 remain in full force and effect.

If you have any questions, please contact me.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
