**Re: Solberg Pit, Permit No. M-1981-044;  
Financial Warranty Increase, Revision No. SI-2**

Dear Dr. Bellantoni:

On June 14, 2021 the Division of Reclamation, Mining and Safety increased the current Financial Warranty for this permit to \$272,610.00, in accordance with Rule 4.2.1 of the Rules and Regulations. This is an increase of \$97,510.00.

The Division's 2021 site inspection noted an estimated 130 acres of disturbed area, an increase of 46.5 acres above that which is covered by the current financial warranty. This interim surety increase is consistent with that for the previous 83.5 acre disturbance and accounting for the increased disturbance. A complete review of the financial warranty will be performed as part of the pending amendment application review.

The Division ordered amendment of the current Financial Warranty, or submittal of a new Financial Warranty reflecting the increase, is due within 60 days from the date of this letter. If you wish to submit a different type of Financial Warranty, please contact me such that I may send you the applicable form.

If you have any questions, please contact me.

Sincerely,

Timothy A. Cazier, P.E.  
Environmental Protection Specialist
