Re: File No. M-1980-120 Koenig Release

Dear DRMS:

During the May 26, 2021 inspection for the technical revision on the above mentioned permit, the comment was made that the pit looked like it was getting close to being eligible for release. A couple of small areas of white top and cheatgrass were identified as needing to be taken care of. On May 28, 2021, Weld County treated approximately 0.8 acres with Telar XP at a rate of 2 ounces/acre and Rejuvra at 5 ounces/acre. The application of the Rejuvra will provide two years' worth of control on seed establishment.

Weld County believes it has completed the reclamation of the Koenig Gravel Pit in accordance with Rules and applicable requirements of the Act pursuant to Rule 4.17.1(4). As such, Weld County would like to request a full release of Permit Number M-1980-120.

Please call with any questions.

Sincerely,

Clay Kimmi, P.E., CFM
Weld County Public Works
