Good Afternoon Mr. Czapla,

Pardon, that is incorrect. We will be removing less then 100 lbs for samples. Would you like me to update that page and resend it?

Thanks,

Subject: Re: Calvert Roosevelt NOI

Hello Mr. Calvert,

On page 5, item III. 3. of your application form (attached), it states that greater than one ton of material will be extracted. It is my understanding that only a token amount of material will be removed as grab samples. Can you please confirm the anticipated amount of material to be extracted by this operation?

Hello Mr. Calvert,

Yes, please correct and resubmit page 2 of the NOI application form. Errors have been highlighted on the attached page. Based on the coordinates provided the site is located in Gunnison County approximately 20 miles east of Gunnison, or 3.5 miles east of Ohio City.

Thank you.

Good Afternoon Mr. Czapla,

I just wanted to recap our phone call. I looked at the NOI I sent you and the coordinates are correct, it is about 20 miles east from Gunnison, CO.

Can you please reply confirming that I need to re submit the NOI to correct the general description of location?

I look forward to hearing from you.
