Minor Revision No. 318 (MR 318)
Adequacy Review**

Dear Mrs Kawcak:

The Colorado Division of Reclamation, Mining, and Safety (Division) has reviewed the above referenced revision. MR318 was found complete on 6/24/21.

1. Please verify if a cultural resources survey has been completed in the proposed revised location of 15L, including the pipeline corridor and access road.
2. Please provide the length of proposed access road and pipeline corridor to ensure the bond is still adequate or this disturbance.

The Division's proposed decision for this revision is currently 7/4/2021. If additional time is needed please request an extension of the decision date. If you have any questions feel free to contact me at 720-618-0860 or by email tabetha.lynch@state.co.us.

Sincerely,
