Re: Letter of Groundwater Monitoring Compliance, Pueblo East Groundwater Monitoring; Pueblo East, Permit No. M-2000-041

Dear Ms. Schreiber:

On June 27, 2021, the Division of Reclamation, Mining and Safety (Division) received your responses to the Division's request for additional information regarding missing groundwater level monitoring data for 2020 and 2021. The Division agrees the missing data does not appear to impact the overall data set. Upon review of the responses the Division has no additional comments on the report. Please note that groundwater level monitoring data are to be submitted yearly with the annual report, map and fee in accordance with the commitment made in AM-01.

If you need additional information or have any questions, please contact me at Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at **303-866-3567 x8114**, or by email at patrick.lennberg@state.co.us.
