RE: Young Ranch Resource Quarry, File No. M-2021-009, New 112c Permit Application
Request for Technical Review – No Longer Needed

On June 29, 2021, I requested your technical expertise in reviewing a new 112c Permit Application submitted for the Young Ranch Resource Quarry, File No. M-2021-009. Upon further discussion, it was determined that your schedule over the next few months will not afford you the time to commit to this review. Therefore, I have requested technical assistance from other DRMS staff and your assistance is no longer needed. Thank you for considering my request.

Cc: Michael Cunningham, DRMS
