Re: King II Mine
Pond Quarterly Inspection
2nd Quarter 2021

Dear Ms. Binns,

An inspection of the pond at the King II mine was performed on June 24, 2021 for the 2nd quarter of 2021. The pond contained a minimal amount of standing water near the outlet structures. The pond embankment, in-slopes and spillway all appeared stable with no evidence of slumping, settling or excessive erosion. All features appeared to be in place and functioning as designed.

Please call Joel Riggins at (970) 385-4528 x 6540 if you have any questions or comments.

Sincerely,
