To: "Ebert - DNR, Jared" <jared.ebert@state.co.us>, peter.hays@state.co.us, Jeff.Fugate@coag.gov, dc_construction@ymail.com

Good Morning Jared

You have not answered all my questions and you have given conflicting responses many times over the last 45 days. It is because of how you are not answering my questions that I have continually sent emails because you do answer all of my questions and are not enforcing LRMs reclamation plan.

Are you asking LRM to fill the mining holes left by them. No response

Survey submitted by LRM unreadable what are the measurements and how was information obtained old topographical map or on-site. No Response

Erosion areas above 36 inches large chunks of the bank falling in lake No response

Noxious weeds and weeds and grass over 4 feet tall. Your response not my job to enforce mowing

White residue from large concrete brought in and not inspected concerned about toxicity of water. Not your problem ask LRM for results

You did not even answer my appeal that some of the above items where brought up asking for a resolution. No response I thought you were supposed enforce the approved reclamation plans and laws of the state and polices if your office. It is unfortunate that my persistence and questions are to much for you.

We will contact the board thank you for the information. I have sent hard copies to Pete's letter for objection to the partial release to DRMS, Weld County BOCC along with photos and the survey and other documentation and to others as well hoping someone will help enforce LRMs reclamation plan

Sincerely
Jamie Christensen

Good morning Mrs. Christensen,

I have responded to your concerns, it is clear that you disagree with our responses, I have nothing further to add. To request a hearing please contact Camille Mojar the MLRB secretary (Camille.mojar@state.co.us) and Charles Kooyman the MLRB attorney (Charles.Kooyman@coag.gov). Otherwise, your attorney may contact our attorney Jeff Fugate (Jeff.Fugate@coag.gov) should they have any questions.

We have noted your objection to the LRM's partial acreage release application (AR03).

LRM has specifically had their Lawyer tell our lawyer that they are not willing to do anything that we suggested or even compromise on a solution. I believe that was last week. Their lawyer told our lawyer to do whatever we needed to do, that his clients are unwilling to do anything. That does not in anyway give us the impression that they are willing to work with us. It is a untrue statement that Stephanie Francher of LRM is willing to work with us. Please ask their lawyer?

We will have our lawyer request a hearing before the board does that request go thru you?

State.co.us Executive Branch Mail - LRM is Unwilling to work with us

Please answer my questions from my Previous emails starting in May that I still have no answers to. I really would appreciate it.

Sincerely
Jamie
