**Re: North Taft Hill Expansion Site, Permit No. M-2001-051, Approval of Extension to Corrective Action Due Date**

Ms. Mikulas:

On July 6, 2021, the Division of Reclamation, Mining and Safety (Division) received your request to extend the corrective action due date by 30 days for the following problem identified in the Division's June 8, 2021 inspection report:

**INSPECTION TOPIC:** Right of Entry

**PROBLEM:** The Division has no evidence the operator has the legal right to enter to conduct mining and reclamation for all owners of record of the surface and mineral rights of the affected lands, as required by Rule 6.4.14 and C.R.S. 34-32.5-112(1)(c)(IV).

**CORRECTIVE ACTIONS:** By the corrective action date, the operator must provide documentation of its legal right to enter to conduct mining and reclamation for all owners of record of the affected land. This may include a copy of a lease, deed, abstract of title, a current tax receipt, or a signed statement by the landowner and acknowledged by a Notary Public stating the operator has the legal right to enter to conduct mining and reclamation.

**NEW CORRECTIVE ACTION DUE DATE:** August 8, 2021

The Division has approved your extension request, giving the new corrective action due date listed above. If you have any questions, you may contact me by telephone at 303-866-3567, ext. 8129, or by email at [amy.eschberger@state.co.us](mailto:amy.eschberger@state.co.us).

Sincerely,

Amy Eschberger  
Environmental Protection Specialist
