Re: File No. M-1987-013, MV-2021-001

Camille Mojar,

We have contacted the land owner Robert Burton in order to get the Land Owner's Permission for entering the Burton Pit to comply with the order issued by the Mined Land Reclamation Board. Mr. Burton informed us that their attorney was going to send out a letter today via email to our attorney, Gordon Bosa. I have contacted our attorney's office and they have not received a copy of this letter and were told that Mr. Bosa will not be in his office until Tuesday, June 29, 2021.

We do not expect that Mr. Burton would withhold consent for Southway Construction Co., Inc. to enter the Burton property to comply with the MLRB order issued 1/11/2021. The order requires that the reclamation be completed within 180 days from the date of the order (7/10/2021). In the event that they withhold consent for Southway to enter, we will notify the Board of that fact.

Sincerely,

Rock I. Southway
President
