Subject: Request for Extension to the Decision Date, M-2021-002

Dear Elliott R. Russell:

I am in receipt of your letter dated June 30, 2021 titled "Adequacy Review, 112c Construction Materials Application Strode Pit, File No. M-2021-002." CRCC would like to request a 30 day extension to the deadline to address the inadequacies identified in your letter. That would make the new deadline August 14, 2021. I appreciate your consideration of this request, and we will get you the revisions as soon as possible.

Thank you,

Amy Brooks
