July 19, 2021

Mr. Scott,

On Thursday July 15<sup>th</sup>, 2021 I mailed the Division a copy of a modified Notice of intent to Conduct Prospecting Operations (NOI). The original, approved NOI was P-2021-001 and the area prospected is located just north of the town of Silvercliff, CO, and it is being conducted by Viscount. The modified NOI is planning to drill 15 diamond core holes, compared to 10 in the original NOI. Please advise to the amount of additional bonding that will be needed.

Sincerely,

Harald Hoegberg

Consulting Geologist

Viscount
