RE: Kate2 Project Modification Request MD1; DRMS File P2021-001; Notice of Incomplete Modification Application

Mr. Hoegberg,

On July 21, 2021 the Division of Reclamation, Mining and Safety (Division) received your Request for Modification (MD1) of the Kate 2 NOI (P2021-001). The Division has deemed the Request for Modification incomplete for filing based on the following:

- 1) Additional bond in the amount of \$3000 will be required for the additional proposed 15 boring locations. In addition, an executed Financial Warranty form (Financial Warranty – Check for Deposit in State Treasury on Bureau of Land Management Land) for the amount of \$3000 must be provided. The appropriate Financial Warranty form may be found on the DRMS website using the following link:

Questions specific to the proper completion of bonding forms are best directed to DRMS Bonding Specialist Sara Stevenson-Benn at: [sara.stevenson-benn@state.co.us](mailto:sara.stevenson-benn@state.co.us)

DRMS would also like confirmation that, similar to the original Kate2 NOI application, all materials submitted for the application and review of MD1 are non-confidential.

Please provide the required materials within 30 days of the date of this letter. If the Division does not receive the materials required to call the application filed for review within 30 days, the application will be terminated.

If you have any questions, please contact me at (303) 229-9414.  
Sincerely,

Eric Scott
