Thanks Jared. The extension request is attached. At the same time as the extension request, I also emailed Daniel our adequacy review response and a hard copy is in the mail. I'll wait to hear from Daniel regarding our response.

Decision Date Extension Request**

Dear Mr. Cunningham:

On behalf of our client, Aggregate Industries – WCR, Inc., we wish to extend the existing office decision date of July 30, 2021, for the Baurer Pit reclamation permit application. Although we have submitted our response to DRMS staff comments dated April 9, 2021, the decision date extension is being requested so DRMS staff has adequate time to review the response and make additional comments if necessary. We respectfully request a new decision date of September 3, 2021.

If you have any questions or need additional information regarding the project, you may contact me at (970) 227-2803.

Sincerely,
