Permit File No. M-1986-015**

Messrs. Schnabel and Ricken:

On July 29, 2021, the Division of Reclamation, Mining and Safety (Division) received your request, to extend the incompleteness due date for SO-04 at the Pueblo East Pit, Permit File No. M-1986-015 from July 28 to September 12, 2021. **The Division hereby approves the extension request to September 12, 2021.** Approval of the extension request does not constitute acceptance of the deed of trust, that decision will be evaluated once all the documentation is received.

The Division requests that you respond to the incompleteness letter 5 business days before the due date to allow sufficient time to perform a thorough review of submitted materials.

If you need additional information or have any questions, please contact me at Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at **303-866-3567 x8114**, or by email at patrick.lennberg@state.co.us.
