Latham-Burkett Pit, Permit No. M-1983-013, Inspection Problem Abated

Dear Mr. Burkey:

On May 26, 2021 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Signs and markers was cited as a problem for missing the mine sign. Corrective actions required you to submit photo documentation that a sign had been posted by the corrective action date.

On August 3, 2021 the Division received photo documentation that a mine sign had been posted. This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

Amy C Yeldell
Environmental Protection Specialist
