**RE: New Elk Mine, C-1981-012
Second Quarter 2021 Pond Inspection Report Review.**

Dear Mr. Cook:

The Colorado Division of Reclamation, Mining, and Safety (Division) has reviewed the above reference report. This report appears to be in compliance with Rule 4.05.9(17). The report included inspection report forms for each of the ponds inspected.

The ponds were inspected on June 30, 2021, with the exception of Containment Area #3, it does not appear this form was updated with the correct inspection date, this seems to be an oversight. No appearances of structural weaknesses or hazardous conditions were noted. In accordance with Rule 4.05.9(17), please retain a copy of the reports at or near the mine site.

If you have any questions feel free to contact me at (303) 866-3567, extension 8120.

Sincerely,

Jared Ebert
