RE: Notice of Surety Increase (SI1), Antero Gravel, Permit No. M-2000-088

Dear Mr. Regester,

On August 9, 2021 the Division of Reclamation, Mining and Safety (Division) increased the current required Financial Warranty for Antero Gravel, Permit No. M-2000-088. In accordance with Rule 4.2.1, the Division may review a financial warranty at any time to determine if the amount is sufficient to fulfill the reclamation plan. The Division currently holds a financial warranty of \$15,809.11 for a liability in the amount of \$15,800.00. The Division has calculated a reclamation cost estimate in the amount of \$39,000.00 for site based on the approved mining and reclamation plans, current site conditions, and the forthcoming Technical Revision to increase the maximum disturbance at any one time to 15 acres. **This is an increase of \$23,190.89 from the current financial warranty held.** The Division provided you an electronic draft of the enclosed Reclamation Cost Estimate on July 23, 2021 for your review.

Pursuant to Rule 4.2.1(2), the current Financial Warranty must be amended or replaced to reflect the increase within 60 days from the date of this letter, due October 8, 2021.

For questions regarding financial warranties, please contact Sara Stevenson-Benn, the Division's Financial Assurance Specialist, at (303) 866-3567 x 8148. There are various financial warranty application forms on our website at <https://drms.colorado.gov/forms/minerals-program-forms>.

For all other questions, please contact me at 303-866-3567 x 8132.

Sincerely,

Elliott R. Russell
Environmental Protection Specialist
