**Re: File No. M-2021-021, Rifle Pit #1, 112c Application Package Denial**

Dear Mr. Roberts:

On April 5, 2021, the Division of Reclamation, Mining and Safety received a 112c Application Package. On June 9, 2021, the Division notified you of deficiencies in this application package. Attention is called to the following from Rule 1.4.1(8):

“An Applicant has sixty (60) days from such notice to submit all the necessary documents that the Office needs for an application to be considered filed. If, at the end of sixty (60) day period, the application has not been determined to be filed with the Office, the Office shall deny the application and terminate the application file.”

To date, the required material has not been supplied to the Division. Therefore, the above application has been denied. The Division has received a subsequent application package, File No. M-2021-058 and it is currently is under review.

If you have any questions, please do not hesitate to contact me.
