RE: Adequacy Review #3 Response TR-08, M-2004-031

Dear Patrick,

Aggregate Industries-WCR Inc. (AI) is submitting corrective actions for an item that was a result of a third adequacy review conducted on August 18, 2021.

Item #1 In the upper right hand corner of the map provided it states the permit area to be +/- 204 acres. Please update this statement to reflect the currently approved permit acreage of +/- 184.9 acres.

AI Response:

The Reclamation Plan Map has been updated to show the currently approved permit acreage and is attached to this submission.

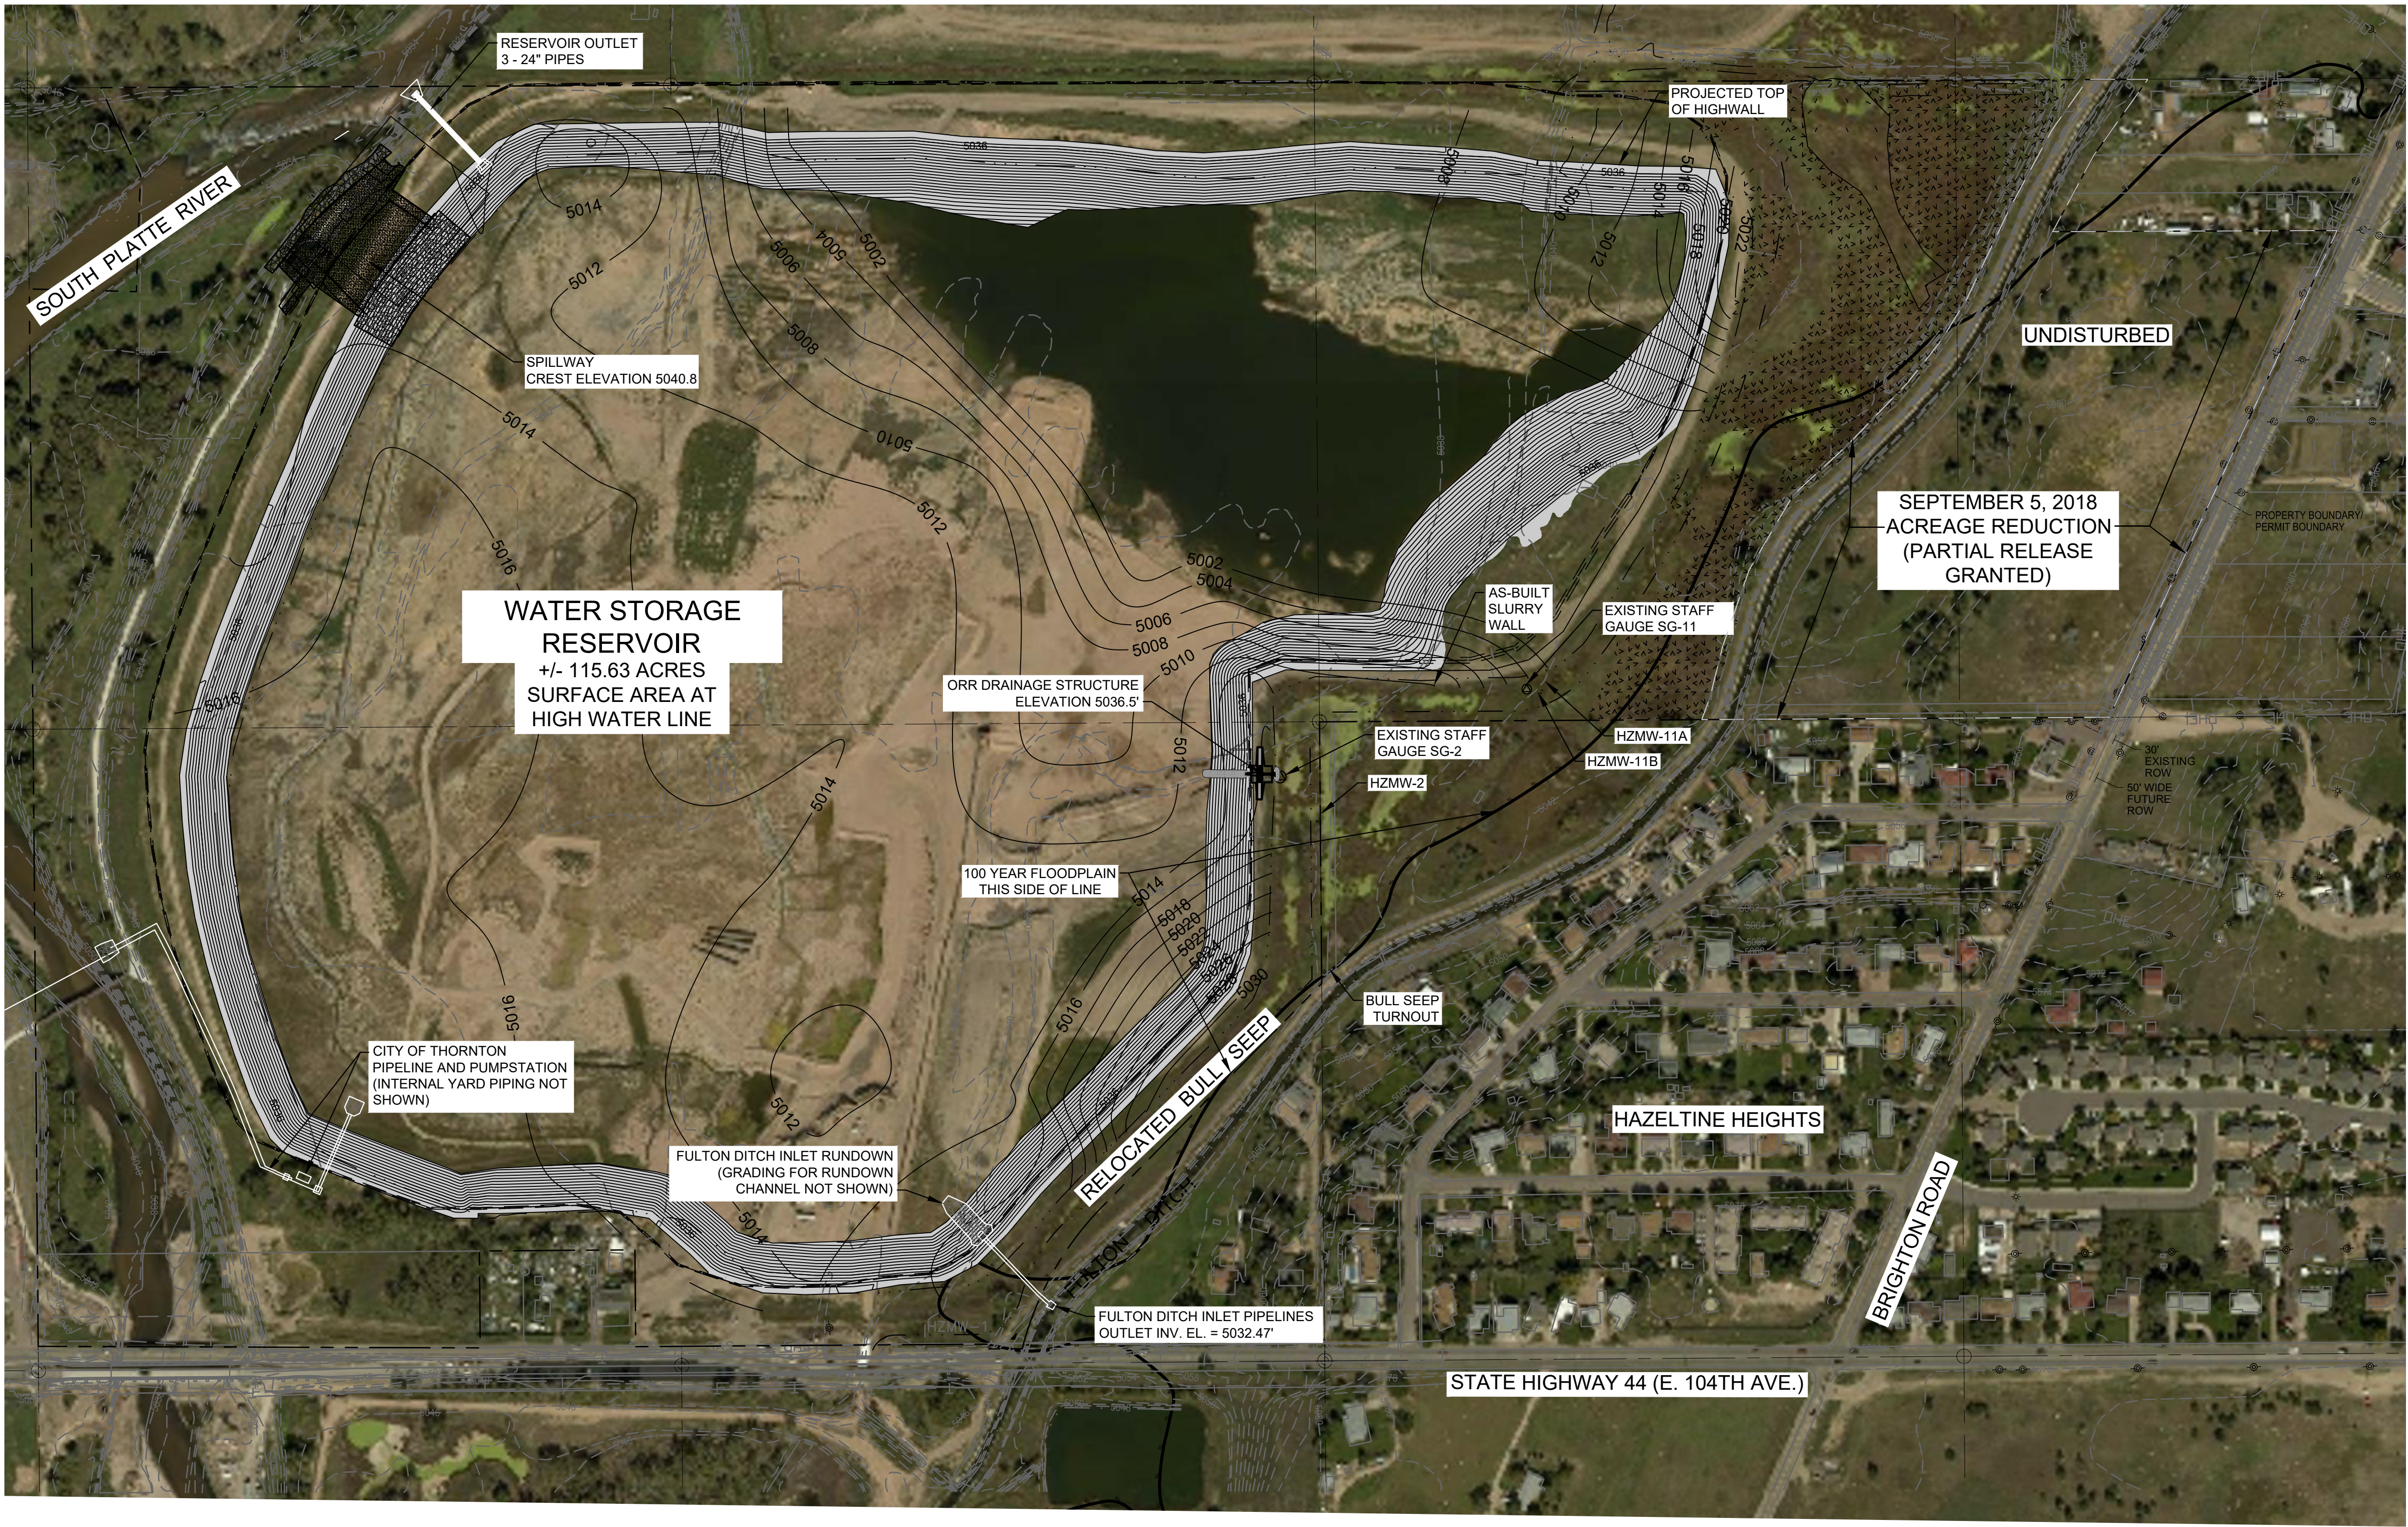

Should you require anything additional, please phone me at (214)213-7859 or email at Kimberly.dennis@lafargeholcim.com.

Sincerely,
