RE: Application comments for proposed Gravel Permit M-2021-051

Dear Mr. Czapla:

We have read the application for a proposed gravel pit near Miami Road on the east side of the City of Montrose. The documents show the site entrance from 6750 Road. 6750 Road is a County gravel road.

Montrose County Public Works has the following comments regarding the application:

- An access permit for 6750 Road is required from Montrose County.
- The applicant shall provide dust control on 6750 Road from the pit property to Miami Road, which is paved. We suggest using a long-term dust control, such as magnesium chloride.

Sincerely,

A handwritten signature in black ink, appearing to read "Keith A. Laube".

Keith A. Laube, P.E.
