**Re: Foidel Creek Mine; C-1982-056:  
Technical Revision No. 97 (TR 97)  
Adequacy Review 2**

Dear Mrs Kawcak:

The Colorado Division of Reclamation, Mining, and Safety (Division) has reviewed the above referenced revision. TR 97 was found complete on 7/7/21. Please find in the letter attached the adequacy review item that will need to be addressed prior to the Division's approval of the revision.

- 1. Please provide the Division with a proof of publication and ensure the information published still accurately reflects the revised TR97 information.**
- 2. Maps 24 and 29 Sheet 2 for each does not show the proposed revised area. Please correct maps or verify that the correct sheets are being submitted for revision.**

The Division's proposed decision for this revision is currently 9/17/2021. If additional time is needed to address the issue above, please request an extension of the decision date. If you have any questions feel free to contact me at 720-618-0860 or by email [tabetha.lynch@state.co.us](mailto:tabetha.lynch@state.co.us).

Sincerely,
