RE: Viscount Colorado Holdings – Kate2 Project, DRMS File P-2021-001; Approval for MD2

Mr. Hoegberg,

On September 15, 2021, the Division of Reclamation, Mining and Safety (Division) approved MD2 which consists solely of re-location of borings 21-21, and 21-23 located on private property as shown on the provided maps. Access to these locations is granted by the landowner with the modified Right of Entry form provided with MD2.

Therefore, final approval from the Division for your Modification to the NOI for the Viscount Kate2 Project is hereby granted and you may commence operations at this site when the appeal period expires. Pursuant to Rule 5.1.3(d)(iv), the Division's determination will not take effect until the expiration of the five business days allowed for an appeal, or, in the case of an appeal, until the Mined Land Reclamation Board issues its decision.

Also, in accordance with Rule 5.6, an Annual Report and associated fee of \$86.00 per site must be submitted on your notice approval anniversary date for each year following the filing of an NOI until reclamation responsibility release is granted. In addition, Rule 5.3.4 requires the prospector to notify the Division of completion of prospecting operations and Rule 5.7 requires the submittal of a final report for drill holes within 60 days of completion of the abandonment for artesian flow holes and within one year of completion of the abandonment for any other drill holes.

If you have any questions, you may contact me at (303) 229-9414.

Sincerely,

A handwritten signature in blue ink that reads "Eric Scott".

Eric Scott – Environmental Protection Specialist
