**Re: Snyder Quarry, Permit M-1977-210;
Corrective Actions Resolved**

Dear Ms. Haley

On September 30, 2021 the Division received via email from Jerald Schnabel documentation demonstrating having sprayed the knapweed cited as a problem during the January 21, 2021 inspection. Having received documentation on July 9, 2021 showing the revised permit boundary related to the BLM correcting survey monument locations, the Division considers both corrective actions to be resolved.

If you have any questions, please contact me at (303) 328-5229.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist III
