Stan and Jim -

Please see attached adequacy letter. There is one item for you guys to take care of before the Division can approve SL-07 for the North Thompson Creek Mine.

Perhaps one of you guys can write a short letter and have a representative of the land company sign it.

Let me know if you have comments or questions.

Thanks,
Rob

Rob: Attached is a pond maintenance agreement that Minrec proposes to satisfy Rule per Rule 3.03.1(3)(c). Do you have any comments on the agreement.

Hi, Jim. What is your schedule to get this signed and submitted in our system? No hurry - I am just curious.

Thanks,
Rob

Just to be clear, the agreement on pond maintenance should be submitted with a cover letter saying that you are responding to my SL-07 adequacy letter of 9/23/2021.

Talk to you later.

Jim -

The adequacy due date on this is tomorrow. DRMS needs to finish the findings before a decision. Can you send an extension request for 11/2/2021? The decision due date is 11/12/2021.

Thanks,
Rob
