**Re: Technical Revision Approval, Revision No. TR128
Cresson Project, Permit No. M-1980-244**

Dear Melissa Harmon:

On October 14, 2021 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision application submitted to the Division on July 8, 2021, addressing the following:

Realignment of the access road from County Road 82 to the Ironclad Facilities

The terms of the TR128 approved by the Division are hereby incorporated into Permit No. M-1980-244. All other conditions and requirements of Permit No. M-1980-244 remain in full force and effect.

The Division has reviewed the change associated with TR128 for impacts to the financial warranty and has accepted the calculated increase of \$144,666.05 to the current reclamation liability. Therefore, with the approval of TR128, the current total reclamation liability is \$208,675,968.05 and the total financial warranty held is \$209,491,188.00, leaving the surplus warranty at \$815,219.95.

If you have any questions or need further information, please contact me at (303) 866-3567 x8132.

Sincerely,

Elliott R. Russell
