Leigh, Thank you for the information regarding the hearing. After reviewing the documents from OSM we would like to formally withdraw the request for a hearing regarding the Terror Creek bond calculation.

Best Regards

Michael W Ludlow

[external email-use caution]

Mike,

I've attached two packets of documents that we intend to refer to during our presentation to the board next week.

(They should have been combined into a single packet, but documents 5 and 6 weren't available in time for the submission of the original board packet, so were submitted as an attachment).

Mike,

This message is just to give you some more details on the upcoming MLRB hearing on Terror Creek SI-2.

The meeting is scheduled to begin at 9AM on October 20 in [Room 318, 1313 Sherman St.](#) Our matter is the ninth item on the agenda, and will be heard in the morning. We have been allocated an hour. The formal sequence of events is:

- Division presentation (~15 minutes)
- Oxbow presentation
- Division rebuttal
- Oxbow rebuttal

In practice, things will probably be slightly fluid following the two presentations as Board members are likely to have questions.

If you have documents that you'd like to submit for the Board's consideration they should be shared with the Board Administrator as soon as possible (please email camille.mojar@state.co.us)

There is no need to share your presentation with the Division or the Board ahead of time.

As I said previously, you have the option to participate in-person or via Zoom. Camie can share the Zoom link with you (and hopefully correct any mistakes I've made).

Please let me know if you have any questions.
