**Re: Bowie No. 2 Mine, Permit C-1996-083,
Review of MR-205 in context of DRMS Rule 2.03.4**

Dear Mr. Bear:

The Division received the submittal for MR-205 from Tamme Bishop on October 13, 2021, and we found it complete today. We do have one adequacy item: please supply ownership and control information for the Board of Regents for the University of Texas system, since it is an organization on your organizational chart that is designated as within the United States of America. As I noted to Tamme Bishop in an email, if it is difficult to find this information in Bowie Resources documentation, this information is likely available online.

Thank you,

Robert D. Zuber, P.E.
Environmental Protection Specialist II
