Hi Calvin, yes we can approve an extension request for the Godfrey Pit application (M-2021-006) and the Bent Co State Pit (M-2021-005) application. The new decision date for both of these applications has been extended 30 days to December 1, 2021. Please let me know if you have any questions.

And the attachments that I meant to include, but clicked send. I do need to finish the revisions needed on the Godfrey Pit mining plan. City of Las Animas letter also attached.

Thanks again,

Calvin

Hi Jared,

I received letters from Mr. Spady (Bent Co State Pit) and from the Godfreys (Godfrey Pit) today. The November 1 deadline is fast approaching. May I request a 30 day extension to the decision so that I may complete the revisions and have enough time to mail them to you?

Thank you,

Calvin

Hi Calvin,

I got your voicemail. There are two options here:

Option #1 - provide Mr. Spady a copy of the required notice and afford him the required time period for comment. The date he receives the notice can be treated as the 1st day of "publication" and then three weeks later that day will be treated as the "last day of publication", and then the comment period will close 20 days after the last date of publication. DRMS will not be able to issue a decision on the application until the comment period closes.

Option #2 - Obtain a letter from Mr. Spady indicating that he is aware of the application/operation and that he does not have any comments or objections to the application.

Please let me know if you have any questions.

Hello,

Attached is the letter that was written in February to send to Mr. Spady. I do not have a signed copy, so I must not have sent it to him. We did get the structure agreement from him and I have discussed the pit with him. What is the best way now to document his notification?

Very sorry for this error on my part.

Calvin

Hello Mr. Feik,

Please see the attached letter, do you have proof of notice for Mike Spady the adjacent property owner? That is the remaining item that needs to be addressed.

Jared
