RE: Revenue Mine, Permit No. M-2012-032, Problem Abated

Dear Mr. Briggs:

On October 6, 2021 and October 11, 2021 the Division of Reclamation, Mining and Safety (Division) received written Spill Notification for two separate events occurring on each date respectively following the phone notice. Notice was provided to the Division in accordance with Hard Rock and Metals Mining Rule 8. Division response outlined corrective actions to be conducted and repairs to be made. On October 20, 2021 the Division received the written report supported by photo documentation of the completion of the corrective actions. This satisfies the corrective action and it is considered **resolved**.

If you require additional information, or have questions or concerns, please feel free to contact me at the Division's Grand Junction Field Office, by phone at 303-866-3567 Ext. 8187 or by email at lucas.west@state.co.us.
