Good day Mr. Cook,

DRMS is issuing a Notice of Violation for the New Elk Mine. Please see the attached document which will be sent via certified mail. Upon further review of the permit file after the October 13, 2021 inspection it was found the upgrade to a light use road for the hauling of coal occurring at the site is a violation. Also attached is a revised inspection report. I have reached out to Nick Mason today but have not been able to reach him by phone to discuss this matter.

Please let me know if you have any questions.
