Re: Black Obsidian Pit, Permit M-1987-026, Conversion CN-01, Request for Extension

Dear Mr. Scott,

We are working toward addressing the adequacy concerns listed in your recent second adequacy review letter, however with the decision date currently set for November 1, 2021, we will need more time.

We are requesting a 30-day extension of the Division's decision date, to allow us sufficient time to prepare and submit our responses.

Sincerely,
