Dear Mr. Cazier,

I received a copy of the final inspection report on October 25, 2021, for the Crystal Pit operated by the City of Colorado Springs. After reviewing the administrative file, I concur that the reclamation of the site is adequate and recommend this site for final release from reclamation liability. The US Forest Service does not hold a reclamation bond, so no further action is needed from my office.

If you have any questions or concerns, please contact Geologist Amy Titterington at 719-838-0699 or [amy.j.titterington@usda.gov](mailto:amy.j.titterington@usda.gov).

Sincerely,

OSCAR MARTINEZ-POLANCO  
District Ranger
