Hello,

I live in the Canyon View III neighborhood on the other side of the hogback from where ACME mine is hoping to expand production. I oppose the expansion as I feel they have not done their due diligence regarding public health. It was brought to my attention that the land is not properly zoned for mining as well. In order to proceed, and then be held accountable for environmental/public health studies, the land needs to be rezoned to "PD Mining."

Feel free to contact me at 720-352-3351.
