Basil and Tamme -

Please see attached. We decided that it is ok if you do not list the names of the Texas regents, but I would like you to update the org chart to defend that decision. Alternatively, you could add text to revised pages (with that explanation) rather than updating the org chart.

Thanks,  
Rob

Second adequacy review of MR-205**

Dear Mr. Bear:

The Division received the submittal for MR-205 from Tamme Bishop on October 13, 2021, and we received her adequacy response to our October 19 adequacy letter on November 3, 2021.

We accept the explanation regarding ownership information on the University of Texas Board Of Regents, but we do have one additional adequacy item: please update the revised text or your organizational chart (or both) to include an explanation of why this entity is different than other companies on the organizational chart. As part of the explanation, explain why, therefore, no ownership information is provided.

Thank you,

Robert D. Zuber, P.E.
