Dear Mr. Operator:

On November 9, 2021 the Division of Reclamation Mining and Safety (Division) received your request to extend the decision due date. The Division is approving the extension request. The decision due date for permit application of M-2021-052 has been set for January 10, 2022

Please submit responses to adequacy review #1 as soon as possible in order to allow the Division sufficient time for review. If any adequacy issues remain by the decision due date the Division may deny your request.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

**Amy Yeldell**
