**Re: Penrose Pit, Permit No. M-1987-131;
Amendment 3 (AM-03) Fifth Decision Date Extension Approval**

Dear Ms. Schreiber,

On November 11, 2021 the Division received an emailed request to extend the decision date for the subject Amendment to January 28, 2022. The Division hereby approves your request.

Please be aware January 28th is the 365th day after the Division deemed your amendment application complete for the purpose of filing and that we cannot extend a decision date beyond the 365th day. Any additional extension would need to be approved by the Mined Land Reclamation Board on or before their January 19 – 20, 2022 scheduled hearing. Also, January 28th is the decision date, not the due date for the adequacy response. The Division will need time to review your adequacy responses prior to issuing a decision. We would ask that your adequacy response be received no later than January 14, 2021.

If you have any questions, please contact me at (303) 328-5229.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
