

Notes:

Please refer to the 2021 Annual Report Map for location of the areas of disturbance in the mine. We continued to remove material from stockpiles and the mined area. No reclamation is required at this time.

9. We continued to remove material for the mine floor and working face this year. No new area was disturbed.

13 The oil company reduced the drilling pad by approximately 1.0 acre. They graded, reseeded and hydro mulched the slopes around the oil pad in July 2021 . The pad was also graded.

14. Weed control was done in June 2021 in accordance with the Garfield Weed Management Plan for the mine and spot work was done on the Plant Site areas and roadways. Escort and 2-4-D was applied to the Hoary Crest, and Kochia, Telar and Milestone were used on the Russian Knapweed. Ranger pro was used on grass areas to control the weeds in those areas. The spraying is successful in controlling the weeds and weed control will continue next year.

18. The bond is currently set at \$20,408 for disturbance on the entire area. This mine was last inspected on 3/29/2021.
