**Re: Bowie No. 2 Mine, Permit C-1996-083,
 Third review of MR-205 in context of DRMS Rule 2.03.4 and the AVS System**

Dear Mr. Bear:

Based on a check of the Applicant/Violator System (aka AVS, created and maintained by OSM), I have the following comments and questions related to officers and directors for companies affiliated with Bowie Resources, LLC.

1. Please check the starting dates and ending dates for all of the officers and directors. For example, the starting date for Mr. Grech as CEO of Wolverine Fuels, LLC is 10/15/2018 in the AVS system, but you have 7/16/2018 in your submittal for MR-205.
2. According to the AVS records, Carson Pollastro should be listed for Wolverine Fuels Holding, LLC and for Wolverine Fuels Parent, LLC. Do you have an end date for him (for both entities)?
3. According to the AVS records, several people should be listed for Galena U.S. Holdings, Inc. These include James Wolf, Eugene Diclaudio, and Carlos Pons. Please add these individuals to your list or provide end dates for each.
4. Also for Galena U.S. Holdings, Inc., you have an end date for Andy Smolenack (9/30/2017) that we do not have. Are you certain that is correct?

These comments and questions may dictate that pages in Section 2.03 of the Bowie No. 2 PAP require revision, and these revisions should be submitted as part of the response to this adequacy letter.

As always, do not hesitate to call or email with questions.

Thank you,

Robert D. Zuber, P.E.
Environmental Protection Specialist II
