RE: Cross Gold Mine, Permit No. M-1977-410, 110(2) Hard Rock Permit Amendment Application (AM-02), Approval of Decision Date Extension

Mr. Pollock:

On December 6, 2021, the Division of Reclamation, Mining and Safety (Division) received your request to extend the decision date by 30 days for the Amendment Application (AM-02) filed with our office on February 8, 2021. Per your request, the decision date for this application has been extended from December 8, 2021 to **January 8, 2022**.

Please be advised, per Rule 1.4.1(9), an applicant may request the office's review time of an application be extended and the decision date reset, not to exceed 365 days from the date the application was filed (which in this case, will be February 8, 2022). If, at the end of the 365 day period, the application has outstanding adequacy issues (and no objections to the application have been timely submitted), the office may issue the decision on the application or set the matter for a Board hearing. At the hearing, the Board may at the request of the applicant, extend the review time and decision date, deny the application, or approve the application with or without conditions.

If you have any questions, you may contact me by telephone at 303-866-3567, ext. 8129, or by email at amy.eschberger@state.co.us.

Sincerely,

Amy Eschberger
Environmental Protection Specialist
