RE: Dotsero Quarry, Permit # M-1987-074, Surety Release Request (SL-01)

Mrs. Cocina:

On November 4, 2021 the Division of Reclamation, Mining and Safety (Division) received a request for release from further reclamation responsibility for the above referenced site. Division staff inspected the site on November 17, 2021 and found the site to be adequately reclaimed. The Division has approved the full surety release, SL-01, for Permit # M-1987-074. At your earliest convenience, please inform the Division of whether or not the BLM concurs with the Division's decision to approve SL-01. BLM concurrence is needed before the Division can release the financial warranty to the operator.

If you require additional information, or have questions or concerns, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Dustin Czapla'.
