**Re: Tallahassee Project, Notice of Intent to Conduct Prospecting Operations;  
File No. P-2021-019, Notice of Receipt of Application - REVISED**

Dear Mr. Roberts:

On November 19, 2021 the Division of Reclamation, Mining and (DRMS) received the hard copy of your application for Notice of Intent to Conduct Exploration Operations (NOI) in Fremont County. The required electronic copy was received via email on November 23<sup>rd</sup>, which you noted had some minor revisions. Due to the electronic copy having revisions, albeit minor, the 20-working day deadline for the DRMS to issue its notice of deficiencies should've been calculated from the 23<sup>rd</sup>, rather than the 19<sup>th</sup>. As such, our letter requesting you to respond to any deficiencies will be provided by December 23, 2021 (which also accounts for non-working day November holidays).

The DRMS received a comment on December 10, 2021. It is attached to this letter for your records.

If you have any questions, please contact me at 303-328-5229 (cell).

Sincerely,

Timothy A. Cazier, P.E.  
Environmental Protection Specialist
