Re: Pueblo Cement Plant and Limestone Quarry, Permit No. M-2002-004, Technical Revision Approval, Revision No. TR-10

Dear Mr. Alarcon:

On December 21, 2021 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on December 13, 2021, addressing the following:

GCC is submitting this TR to change the location of the blasting material storage location from the location previously submitted in TR-09. GCC has reassessed the current mining plan and now expects that the area proposed for the explosive materials storage facility in TR-09 to be mined out in 5-yrs

The terms of the Technical Revision No. 10 approved by the Division are hereby incorporated into Permit No. M-2002-004. All other conditions and requirements of Permit No. M-2002-004 remain in full force and effect.

If you have any questions, please contact me.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
