ASSIGNMENT AND ASSUMPTION OF AGREEMENT

This Assignment and Assumption of Agreement ("Assignment"), dated as of the 9th day of December, 2011 ("Effective Date"), is by and among Lafarge West, Inc. ("Assignor"), Martin Marietta Materials, Inc., a North Carolina corporation ("Assignee"), and The City of Greeley, Colorado, a Colorado home rule municipal corporation, Fort Collins-Loveland Water District, a quasi-municipal corporation and political subdivision of the State of Colorado, North Weld County Water District, a quasi-municipal corporation and political subdivision of the State of Colorado and East Larimer County Water District, a quasi-municipal corporation and political subdivision of the State of Colorado (collectively "Landlord").

RECITALS

A. Pursuant to those certain documents described on Schedule 1 attached hereto (collectively, the "Agreement"), Assignor acquired an interest in that certain real property (the "Premises") more particularly described on Exhibit A attached hereto by virtue of its merger with Mobile Premix Concrete, Inc.

B. Assignor desires by this Assignment to assign all of Assignor's right, title and interest in the Agreement to Assignee and Assignee desires to accept such Assignment in accordance with all terms and conditions set forth in this Assignment.

NOW, THEREFORE, in consideration of the mutual covenants set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Assignment and Assumption. Assignor hereby assigns to Assignee all of Assignor's right, title and interest in the Agreement and Assignee accepts such assignment as of the Effective Date. Assignee hereby accepts this Assignment and assumes and agrees to perform and comply with, for the benefit of Landlord, all of the covenants, duties and obligations of Assignor under the Agreement arising on or after the Effective Date, including, without limitation, the obligation to pay the rent specified therein, it being understood that Assignee is not assuming any covenants, duties or obligations of Assignor under the Agreement required to be performed prior to the Effective Date.

2. Landlord's Consent. Landlord hereby consents to this Assignment.

3. Successors. The provisions of this Assignment shall bind and the benefits shall inure to the heirs, representative, successors, and assigns of the parties hereto.

4. Severability. If any provision of this Assignment shall be held invalid or unenforceable for any reason or to any extent, the remainder of this Assignment or the application of the term or provision to persons or circumstances other than those as to whom or with respect to which it is held invalid or unenforceable, shall not be affected, and each shall be valid and enforceable to the fullest extent permitted by law. As between Assignor and Assignee, this Assignment is subject to the terms and conditions of the Asset Exchange Agreement by and among Assignor, certain of its affiliates, Assignee, and certain of its affiliates (the "Purchase Agreement"). As between Assignor and Assignee, in the event of any conflict between this Assignment and the Purchase Agreement, the Purchase Agreement shall control.

5. Governing Law. This Assignment shall be governed by, and constructed in accordance with, the laws of the State that governs the Agreement.

6. **Counterparts.** This Assignment may be executed in several counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement. This Assignment may be executed by facsimile or other electronic signature and such electronic signature shall constitute an original for all purposes.

7. **Notices.** All notices, requests, concerns, approvals, payments in connection with this Assignment, or communications that either party desires or is required or permitted to give or make to the other party under the Lease shall only be deemed to have been given, made and delivered, when made or given in writing and personally served, or deposited with a reputable overnight courier such as FedEx, postage prepaid, and addressed to the parties as follows:

EASEMENT AGREEMENT AND DEED

This Easement Agreement and Deed (this "Agreement") is made and entered into as of the 1st day of September, 2004 by and between WILLIAM O. SEAWORTH and PAULETTE M. SEAWORTH (collectively, "Grantor"), whose address is 2305 North Taft Hill Road, Fort Collins, CO, 80524, and LAFARGE WEST, INC., a Delaware corporation ("Grantee"), whose address is 1400 West 64th Avenue, Denver, Colorado 80221.

Recitals

Grantor owns certain land along the Poudre River in Larimer County, Colorado that adjoins or is in the vicinity of lands owned or controlled by Grantee. Grantor uses his land for recreation purposes for himself and his guests. Grantee desires to extract sand and gravel and develop water reservoirs on its lands. Grantor's land lies between certain parcels of Grantee's lands and provides links between reservoir sites contemplated for Grantee's lands. Grantor is agreeable to the installation and use of certain improvements and facilities on Grantor's land related to development and operation of the reservoirs.

Agreement and Grant

NOW THEREFORE, for and in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor and Grantee agree as follows:

1. **Easement Grant.** Grantor, hereby sells, grants, bargains and conveys unto Grantee, its successors and assigns the following easements in, over, through, along and across the following described parcel of land, situated in Larimer County, State of Colorado, to wit:

Parcel 2 as identified on the attached survey plat (Exhibit A)

("the Easement Premises"):

a. A perpetual easement for the purpose of installation, use, maintenance, repair, replacement, reconstruction and improvement of reservoir-related facilities in, on, over, across and under the Easement Premises, to be used in connection with reservoirs Grantee has developed and intends to develop after mining of sand and gravel on certain adjoining land owned by the Grantee and more particularly identified in Exhibit B hereto (the "Benefited Property"), including without limitation pipes, pumps, pump houses, valves, meters, electric power, access roads, and other water monitoring, measuring, storage, discharge and transport related improvements, equipment and fixtures; and for the stabilization and restoration of erosion and cut/deposition damage to the Poudre River bank and shoreline resulting from flooding or high water flows which affect the improvements or operations of the Grantee;

b. An easement for a term of years for the purpose of allowing access by Grantee to the Benefited Property and for material transport while Grantee is conducting sand and gravel extraction and processing operations on any part of the Benefited Property, including without limitation, construction of roads, Poudre River crossings, installation of conveyor belts and other

mining-related facilities. Such easement shall be for so long as Grantee is conducting sand and gravel processing operations or reclamation operations on the Benefited Property; and

c. The right of Grantee to enter upon the Property and to transport materials, supplies, equipment and personnel across the Easement Premises for the purposes described in paragraphs a and b above. Grantee shall have the further right to use and store construction equipment on the Easement Premises while construction operations are occurring.

The rights granted under paragraphs a., b. and c., above, are collectively referred to as the "Easements."

2. Grantor's Covenants. Grantor covenants and agrees that:

a. Grantor will not construct or install permanent structures or improvements on the Easement Premises which may in any way interfere with or limit the easement rights of Grantee to operate present and future reservoir facilities on the Benefited Property.

b. Grantor will not grant additional easements or other rights to use of the Easement Premises which may in any way limit the exercise by Grantee of its easement rights hereunder to operate present and future reservoir facilities on the Benefited Property and will not make any alterations of the Easement Premises that interfere with Grantee's easement rights hereunder.

c. Notwithstanding Paragraph 7, below, Grantor shall not voluntarily sell, assign, dedicate or convey the Easement Premises or any portion thereof or any interest therein to any federal, state or local governmental authority, special district or quasi-governmental agency or organization without the prior written consent of the owner(s) of fifty-one percent (51%) or more of the real property located within the Benefited Property.

3. Right of First Refusal. If, at any time before the date that is 50 years after the date of this Agreement set forth in the initial paragraph of this Agreement, Grantor receives an offer to lease, purchase or otherwise acquire the Easement Premises or any portion thereof, for a price and on terms that Grantor is willing to accept, then Grantor shall give Grantee notice of such offer and a copy of the offer, and Grantee shall have forty-five (45) days after receipt of such notice to elect to match the offer, and Grantee and Grantor shall thereafter consummate a lease, purchase or other acquisition of the rights to the Property or relevant portion thereof in accordance with such offer or as they may otherwise agree. If Grantee does not exercise its preemptive right hereunder, Grantor shall thereafter be free to enter into the transaction contemplated in the offer on terms no less favorable to Grantor than those submitted to Grantee by Grantor, free and clear of Grantee's preemptive right for a period of 90 days after Grantee failed to exercise the right. If no such transaction is consummated within the 90-day period, this right of first refusal shall be revived in Grantee. In the event that the Benefited Property is owned by more than one (1) owner, the right of first refusal shall be offered to all such owners and may be exercised on a prorata basis by such owners or in such other manner as they shall determine among themselves.

4. Grantee's Covenants. Grantee covenants and agrees as follows:

3

a. Grantee shall install all improvements and exercise its rights under this Easement in a manner that will not unreasonably block or materially impede pedestrian movement of Grantor and Grantor's guests and invitees on and across the Easement Premises.

b. Grantee shall keep its improvements and structures in safe condition and shall be responsible for the repair of any of its facilities on the Easement Premises that become damaged or defective.

c. Grantee shall provide reasonable notice to Grantor prior to installing, constructing or reconstructing improvements on the Easement Premises.

d. Grantee shall reclaim any portion of the Easement Premises damaged or disturbed in the course of installing, constructing, reconstructing, maintaining or operating equipment on the Easement Premises, or upon removal of any improvements, to substantially the same condition as existed on the date of this Agreement.

5. Disclaimer of Liability. Neither Grantor nor Grantor's guests and invitees shall be liable or responsible for any damage to Grantee's improvements or equipment on the Easement Premises unless such damage or loss is due to the negligence or willful misconduct of Grantor or Grantor's guests or invitees.

6. Assignment. Grantee may transfer or assign the Easements to any person or entity having rights in all or any part of the Benefited Property.

7. Successors. The covenants, terms, conditions and restrictions of this instrument shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors and assigns. The terms "Grantor" and "Grantee," whenever used herein, and any pronouns used in place thereof, shall include, respectively, the above-named "Grantor" and its personal representatives, heirs, successors and assigns and the above-named "Grantee" and its successors and assigns.

8. Covenants Run With Land. The benefits of the Easements shall run with the Benefited Property and the burdens and obligations of such Easements shall run with the Easement Premises in perpetuity, except as otherwise provided in Paragraph 3 above.

9. Severability. If any provision of this instrument, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this instrument, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.

**SPECIAL WARRANTY DEED
WITH RESTRICTIONS, RESERVATIONS AND COVENANTS**

THIS SPECIAL WARRANTY DEED WITH RESTRICTIONS, RESERVATIONS AND COVENANTS, made this 11th day of January, 2019 (this "Deed") is between MARTIN MARIETTA MATERIALS, INC., a North Carolina corporation ("Grantor"), whose street address is 1627 Cole Boulevard, Suite 200, Lakewood, Colorado 80401 and RONNY AND BILLY, LLC, a Colorado limited liability company (collectively, "Grantee").

WITNESSETH, that Grantor, for and in consideration of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, has granted, bargained, sold and conveyed, and by these presents does grant, bargain, sell, convey and confirm, unto Grantee, its successors, transferees and assigns forever, all the real property (the "Property"), together with improvements, if any, situate, lying and being in the County of Larimer, State of Colorado, described as follows:

**SEE EXHIBIT A ATTACHED HERETO AND
INCORPORATED HEREIN.**

TOGETHER with all and singular the hereditaments and appurtenances thereto belonging, or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof, and any and all easements or right to use easements relating to the Property, and all the estate, right, title, interest, claim and demand whatsoever of Grantor, either in law or equity, of, in and to the above bargained Property, with the hereditaments and appurtenances.

RESERVING by this Deed unto Grantor, its successors, assigns and contractors the Reserved Rights as defined below herein.

TO HAVE AND TO HOLD the said Property above bargained and described with the appurtenances, unto Grantee, its successors, transferees and assigns forever. Grantor, for itself, and its successors, does covenant, and agree that it shall and will WARRANT AND FOREVER DEFEND the above-bargained Property in the quiet and peaceable possession of Grantee, its successors, transferees and assigns, against all and every person or persons claiming the whole or any part thereof, by, through or under Grantor, subject to the matters set forth on Exhibit B attached hereto and incorporated herein by this reference.

THE PARTIES HERETO acknowledge and agree that Reserved Rights are incorporated into this Deed and shall run with the Property and be binding upon Grantee, its successors in title to such Property and its assigns. Acceptance of this Deed shall constitute the agreement by

 25134085

Grantee, for itself and its successors and assigns, to be bound by and to comply with the terms of this Deed and the Reserved Rights.

Terms of Grantor's Reserved Rights.

1. For purposes of this Deed, the "Reserved Rights" are as set forth below:

(a) TURNING RADIUS. Grantor reserves a vehicle turning radius of at least sixty (60) feet in the northwest corner of the Property which shall be available for use by Grantor.

(b) RESERVED RE-SALE PROFIT PARTICIPATION. Grantor retains a share of any Profit recognized in Grantee's resale of all or a portion of the Property along and that certain one common share of the Taylor and Gill Ditch Company represented by Share Certificate No. 587 of the Taylor and Gill Ditch Company (the "Ditch Share") over the ten (10) year period following the date of this Deed (the "Closing Date"). "Profit" shall mean any positive difference between \$300,000.00 and the sale price for the Property along with the Ditch Share discounted over the ten (10) year period on a straight-lined per-diem basis such that Grantor would not be entitled to any Profit as of the last day of the tenth year following the Closing Date. If the Property and the Ditch Share are not sold together then the basis for calculating the Profit upon the resale of either asset shall be (a) \$250,000.00 for the Property and (b) \$50,000.00 for the Ditch Share. A resale by Grantee shall include any sale to or by a person, association, partnership, corporation or joint-stock company, trust, or other business entity, however organized, which directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with, Grantee (an "Affiliate"); provided that any resale to such a party is effected on commercially reasonable terms. Control shall be defined as (A) ownership of 30% or more of the voting power of all classes of voting stock or (B) ownership of 30% or more of the beneficial interests in income and capital of an entity other than a corporation or (C) a person having a familial relationship with Grantee or an entity controlled by an individual having a familial relationship with Grantee. For purposes of this Paragraph 1(b) a resale by Grantee shall not include any transfer upon death of one of the parties constituting Grantee to another, transfer to an entity or trust for Grantee's estate planning purposes or to an Affiliate that receives the Property (or the Ditch Share) as part of a merger, distribution, consolidation or for non-monetary consideration, provided that Grantor's right to Profit on resale shall survive such transfer and shall be assumed by the transferee in a writing for the benefit of Grantor in a form reasonably approved by Grantor.

(c) RESERVED USE AND DRMS PERMIT. From and after the Closing Date and until such time as Grantor has completed all mining and reclamation activities within the Mining Area, as determined by Grantor in its sole discretion (the "Reserved Use Period"), Grantor shall have and retain the following rights with respect to the Property (the "Reserved Uses").

(i) Grantor shall be entitled to use the Property for any uses determined in its reasonable discretion to be incidental to Grantor's mining operations including, but not limited to, grading and filling, water discharge, the deposit of overburden, the installation, use and movement of structures, water filings and any activities permitted under Grantor's mining permit to which the Property is subject (as may be amended from time to time, the "DRMS Permit") or required to secure the release of the DRMS Permit. Notwithstanding the foregoing, Grantor shall not

deposit silt, sediment (containing the majority of particles of 1/20 millimeter or less as a result of aggregate processing of material) or fines into: (a) into any pit or pond that Grantor causes to be excavated on the area of the Property depicted on Exhibit C as the "Northern Property" or (b) the triangle-shaped pond located directly west of the Property notwithstanding Grantor's retained right to do so under that certain Special Warranty Deed from Lafarge West, Inc. to William O. Seaworth and Paulette M. Seaworth dated July 15, 2010 and recorded July 22, 2010 at Reception No. 20100042002 with the Larimer County Clerk and Recorder's Office.

(ii) Without limiting the foregoing, Grantor shall be entitled to fill, drain or dewater and may otherwise control the water level in any excavated pits on the Property in its sole discretion (subject to the limitations provided in Paragraph 1(d)(ii) below); provided that Grantor maintains a valid substitute water supply plan approved by the State Engineer sufficient to augment out-of-priority stream depletions attributable to the Property ("SWSP"). Grantor shall deliver a notice to Grantee when Grantor determines that it no longer desires to utilize the structures located on the Property for those purposes provided for in this Paragraph 1(c)(ii) and indicating the date after which the SWSP will be terminated with respect to the Property (the "SWSP Termination Date"). From and after the Closing Date until the SWSP Termination Date Grantor shall maintain the SWSP and shall be responsible for providing replacement water as required under the SWSP except for that portion of such water that is required for replacement of evaporation resulting from exposed water (the "Evaporative Replacement Requirement"). Grantee shall divert, store, recharge and discharge such replacement water to ensure Grantor's compliance with, the Evaporative Replacement Requirement under the SWSP, provided that Grantor has made the replacement water legally available as part of its SWSP. Grantee shall measure and report to Grantor all such diversions, storage, recharge and discharge of replacement water to allow Grantor to, in turn, demonstrate compliance with the Evaporative Replacement Requirement. From and after the SWSP Termination Date, Grantee shall be solely responsible for augmentation and replacement obligations for the entirety of the Real Property pursuant to the terms of the Augmentation Plan, including providing water for the same.

(iii) Following the Closing Date, Grantor may maintain the DRMS Permit with respect to the Property and cause the DRMS Permit to be released with respect to the Property at such time as it determines. Grantee shall, subject to Grantor completing the initial grading, topsoil replacement and seeding of the Property in accordance with the DRMS Permit, complete those requirements of the DRMS Permit related to re-vegetation, required maintenance of vegetation (the "DRMS Reclamation Obligations") at Grantee's cost and expense. Prior to the release of the DRMS Permit with respect to the Property, Grantee will not cause or permit any modification of the Property that would interfere with Grantor's ability to release of the DRMS Permit with respect to the Property. If Grantee fails to complete compliance tasks required under the DRMS Permit, Grantor will be entitled to complete the same and Grantee shall reimburse Grantor upon demand for all reasonable costs and expenses to comply with and obtain release of DRMS Permit.

(d) GRANTEE'S USE OF THE PROPERTY.

(i) During the Reserved Use Period, Grantee may use the Property for purposes that are not inconsistent with the Reserved Uses; provided that Grantee's use of the Property during such period shall be subject and subordinate to Grantor's exercise of the Reserved Uses. Grantor will

inform Grantee of its plans for exercise of its Reserved Uses for each calendar year during the Reserved Use Period and Grantor and Grantee shall coordinate their use respective use of the of the Property. Grantee acknowledges that Grantor's exercise of the Reserved Uses may result in losses or claims to Grantee and hereby waives any claims for damages related to the exercise of Grantor's Reserved Rights. In particular, and without limiting the foregoing, Grantee acknowledges that Grantor's control of the water level in the excavated pits on the Property may impact Grantee's fishing operations and hereby waives any losses related thereto.

(ii) Notwithstanding the foregoing, to the extent that Grantee is permitted pursuant to the terms of this Paragraph 1(d)(ii) to stock or maintain fish in the pit excavated on the Northern Property (the "North Pond") Grantor agrees to use commercially reasonable efforts to maintain sufficient water in the North Pond to allow Grantee to maintain stocked fish in the North Pond. Grantor shall not drain the North Pond entirely except in the case of an emergency or unless required to do so by the State Engineer, or as needed to be in compliance with the SWSP and, in the event that Grantor plans to drain the North Pond entirely, Grantor will provide at least fourteen (14) days advance notice to Grantee (which notice may be given verbally or telephonically to either of the parties constituting the Grantee) except in the case of an emergency in which case Grantor will provide as much advance notice as is reasonably practical. Grantee acknowledges and agrees that if it is permitted to stock or maintain fish in the North Pond, Grantee does so at its own risk and waives any claims against Grantor its employees or contractors for losses related to such activities including, without limitation, any consequential damages.

(iii) During the Reserved Use Period, no portion of the Property shall be used, sold or developed for or as a ready-mix concrete plant, an asphalt plant, a cement operation or an aggregate operation and Grantee shall not seek permits or approvals for use of the Property for a ready-mix concrete plant, an asphalt plant, a cement operation or an aggregate operation.

2. Grantee acknowledges that Grantor operates a quarry on the parcels of real property situated in the Mining Area and that Grantor, and its successors and assigns, will continue to operate such quarry and may expand their operations at the quarry following the conveyance of the Property. Grantee also acknowledges that Grantor leases or may in the future lease a portion of Grantor's property within the Mining Area to others for use in related industries that use products of the quarry, such as the production of ready-mix concrete and asphalt. Grantee acknowledges that the quarry operations and any such related industries may subject Grantee and the Property to noise, dust, truck traffic, blasting, vibrations and other inconveniences. As an inducement to Grantor's execution and delivery of this Deed and conveyance of the Property to Grantee, and as part of the Reserved Rights hereunder, Grantee covenants, on behalf of itself and its successors-in-interest, that it shall not initiate any proceeding or take any action, or participate in any proceeding or action, to limit, prohibit, or restrict Grantor's, and its successors'-in-interest, operation of the quarry or their lessees' operation of related industries located at the quarry on any ground whatsoever, including, but not limited to, nuisance or trespass. By means of illustration, and not limitation, Grantee shall not initiate or participate in any proceeding or action to limit or restrict the hours of operation of the quarry, to prohibit expansion of the quarry or to oppose or otherwise object to the issuance or continuance of any permits or approvals from governmental authorities necessary for the development, operation, and expansion of Grantor's quarry. Grantee, on behalf of itself and its successors-in-interest, does hereby waive, release,

forever discharge and covenant not to sue Grantor, its successors-in-interest, their lessees' and their respective shareholders, officers, directors, and employees (each a "Released Party") from any and all claims, demands, injuries, actions, and causes of action at law or in equity ("Claims"), past, present, or future, for any damages, diminution in property value, emotional distress, loss of peace of mind and happiness, discomfort, inconvenience, annoyance, disruption, nuisance, or any such claims or injuries arising from Grantor's, or its successors'-in-interest, operation of the quarry or their lessees' operation of any related industry at the quarry, except if such Claims relate to the gross negligence or willful misconduct of a Released Party. For purposes hereof, the term proceedings means any action, suit, or proceeding, whether civil, criminal, administrative, or investigative, and whether formal or informal.

3. The Reserved Rights contained in this Deed include a nonexclusive easement, on, over and across the Property for the purposes of exercising the Reserved Rights.

4. No amendments, waivers or modifications of the terms and provisions contained in this Deed, and no acceptances, consents or waivers by Grantor under this Deed, shall be valid or binding unless in writing and executed by the party to be bound thereby.

5. The Reserved Rights shall be assignable by Grantor without Grantee's consent to a party purchasing all or substantially all of Grantor's real property rights within the "Mining Area" depicted on Exhibit D attached hereto and incorporated herein by this reference.

6. No failure by Grantor to insist upon the strict performance of any terms or Reserved Rights contained in this Deed, no failure by Grantor to exercise any right or remedy under this Deed, and no acceptance of full or partial payment or performance during the continuance of any default or breach hereof shall constitute a waiver by Grantor of any such terms, Reserved Rights, right or remedy or a waiver by Grantor of any such default or breach by Grantee.

7. If Grantee breaches any provision of this Deed and fails to cure such breach with 20 days after written notice thereof (and a reasonable period of time to cure if the default is not capable of being cured in 20 days provided the party has commenced to cure and is diligently pursuing the cure to completion), then Grantor, its successors and assigns shall have the right to prosecute a proceeding at law or in equity and shall be entitled to any and all remedies, legal or equitable, which may be available, including, without limitation, specific performance.

8. The Reserved Rights contained in this Deed shall be construed as covenants running with the Property, and every person or entity who now or hereafter owns or acquires any right, title, estate or interest in or to the Property or any portion of the Property is and shall be conclusively deemed to have consented to and to have agreed to each of the Reserved Rights, whether or not any reference to the Reserved Rights is contained in the instrument or other method by which such person or entity acquires an interest in the Property.

IN WITNESS WHEREOF, Grantor has caused its name to be hereunto subscribed on
the day and year first above written.

Re: Home Office Pit #Z-47-85 – Material conveyor across Taft Hill Road.

Dear Ms. Mikulas:

I have reviewed the limited file information for the sand and gravel mining/processing operations at the Home Pit and the other file information for the operations in this area. Based on this information and the four rationale you have provided it appears that a material conveyor is in fact the best solution for the continued mining of these properties.

As you have noted this area has been an active mining area since the late 1960's and the current processing site and access point are well known, marked and recognized. Relocation of a haul truck or transport access would not be desirable.

The use of conveyors is a reasonable and safe alternative. We have required their use for other aspects of mining operations in this immediate area. We would note that the use of dust and noise suppression at transfer points is important.

Any conveyor installation shall be temporary and given the proposed location include berming to avoid noise conflicts. All installations in or adjacent to County Right of Ways shall be permitted and approved by the Larimer County Engineering and Road and Bridge Departments, meeting all standards and design requirements.

Should you have any questions or concerns, please contact me.

Community Development Director
