Dear Mr. Bieber:

On December 29, 2021 the Division of Reclamation, Mining and Safety approved the Amendment application submitted to the Division on May 10, 2021, addressing the following:

The proposed amendment will add approximately 700 acres of minable area within an approximate 1,400-acre BLM lease area (refer to BLM Record of Decision for the Proposed Competitive Mineral Materials Sale COC-078119), and will move the southern mining boundary for the granite deposit on private land.

The terms of the Amendment No. 2 approved by the Division are hereby incorporated into Permit No. M-1997-054. All other conditions and requirements of Permit No. M-1997-054 remain in full force and effect.

The revised liability amount (phased bonding) exceeds the performance bond currently held (see below). Please submit the additional bond. The revision will not be final until the bond is approved by the Division.

Prior Liability:	\$1,145,736.00
Change in Liability:	\$6,011,153.00
