Re: Pit No. 2 (M-1983-106) Inspection Report

Dear Mr. Zuber,

We are in receipt of your inspection report for the aforementioned pit location. You had requested in your report that we needed to submit to DRMS proof of replacing the boundary markers in the correct location(s) and also seed stockpiles by January 7, 2022. We are requesting an extension deadline date of February 28, 2022 since we are still working on the survey and weather for seeding.

Should you have any questions or concerns, you may contact me at the phone number, email address or address listed above. Thank you for your time regarding this request.

Sincerely,

Marcy L. Brossman
Cheyenne County Administrator
