Re: Climax Mine, Permit No. M-1977-493, Technical Revision Approval, Revision No. TR-33

Dear Mrs. Kelts:

On January 5, 2022 the Division of Reclamation, Mining and Safety **approved** the Technical Revision application submitted to the Division on December 20, 2021, addressing the following:

- *In this Technical Revision is a summary of the Climax Mill circuit, a discussion of the containment and sumps, a description of the possible spills within the mill and their containment, an explanation of the designated chemicals storage in the mill, and lastly the geochemical data for the Climax Tailings*

The terms of the Technical Revision No. 33 approved by the Division are hereby incorporated into Permit No. M-1977-493. All other conditions and requirements of Permit No. M-1977-493 remain in full force and effect. If you have any questions, please contact me at the Division's Grand Junction Field Office, by phone at 303-866-3567 Ext. 8187 or by email at lucas.west@state.co.us.

Sincerely,

Lucas West
