Lyons Sandstone did receive our normal compliment of H-2B Visa workers for the 2021 season. Other quarries in our vicinity using H-2B workes did receive their visa workers also but many of the customers who came to us in the 2020 season when their usual supplier didn't have stone remained as Lyons Sandstone customers. Once again we were overwhelmed with demand and concentrated on flag production in order to meet that demand. Once again we had no workers to spare for Knappweed control. As in the previous year, Covid 19 also complicated our work in 2021 and little progress was made on weed control.
