RE: Howard Creek Pit #1 & #2 - File No. M-1999-033,
Surety Release Request Application (SL-1)

Dear Mr. Rife:

On January 11, 2022, the Division of Reclamation, Mining and Safety determined your 110c Construction Materials Reclamation Permit Surety Release Request application for the Howard Creek Pit #1 & #2, located in Fremont County was incomplete. A review of the information received showed that the landowner phone number was not included on page two of the application. This information must be received before the Division can consider your application complete. Thus, your application is incomplete for the purposes of filing as of January 11, 2022.

You have sixty (60) days to submit to submit the missing information for the application to be considered filed. If, at the end of the sixty day period, the application has not been determined to be complete and filed, the Division will deny the application and terminate the application file.

If you have any questions, please contact me.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
